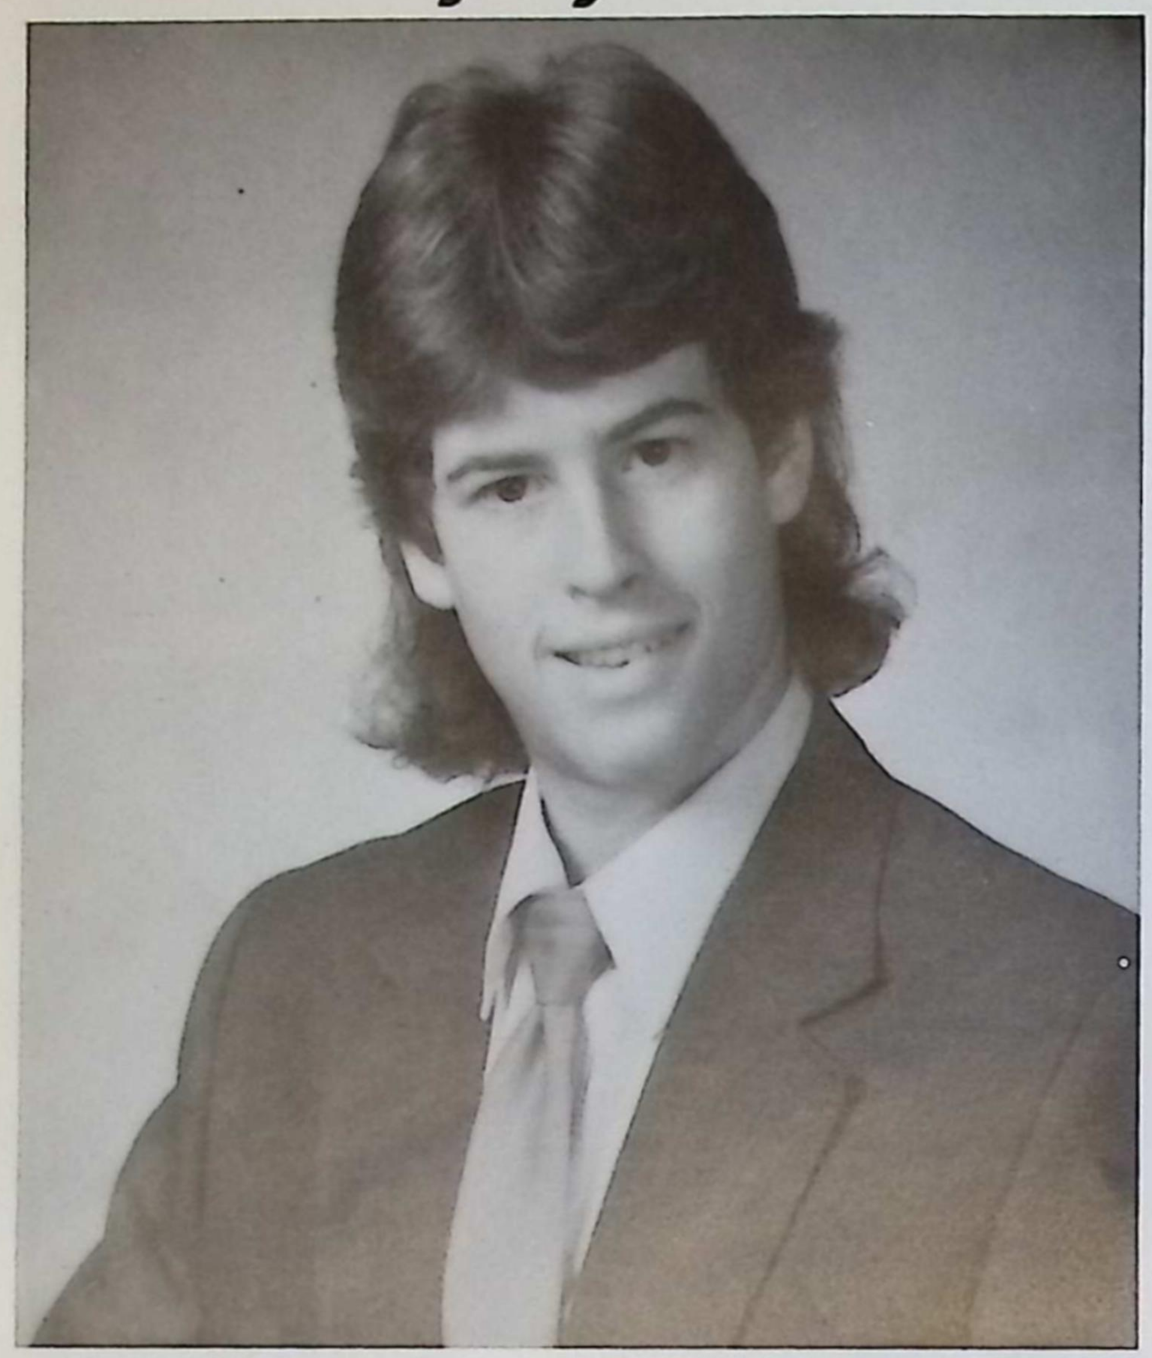
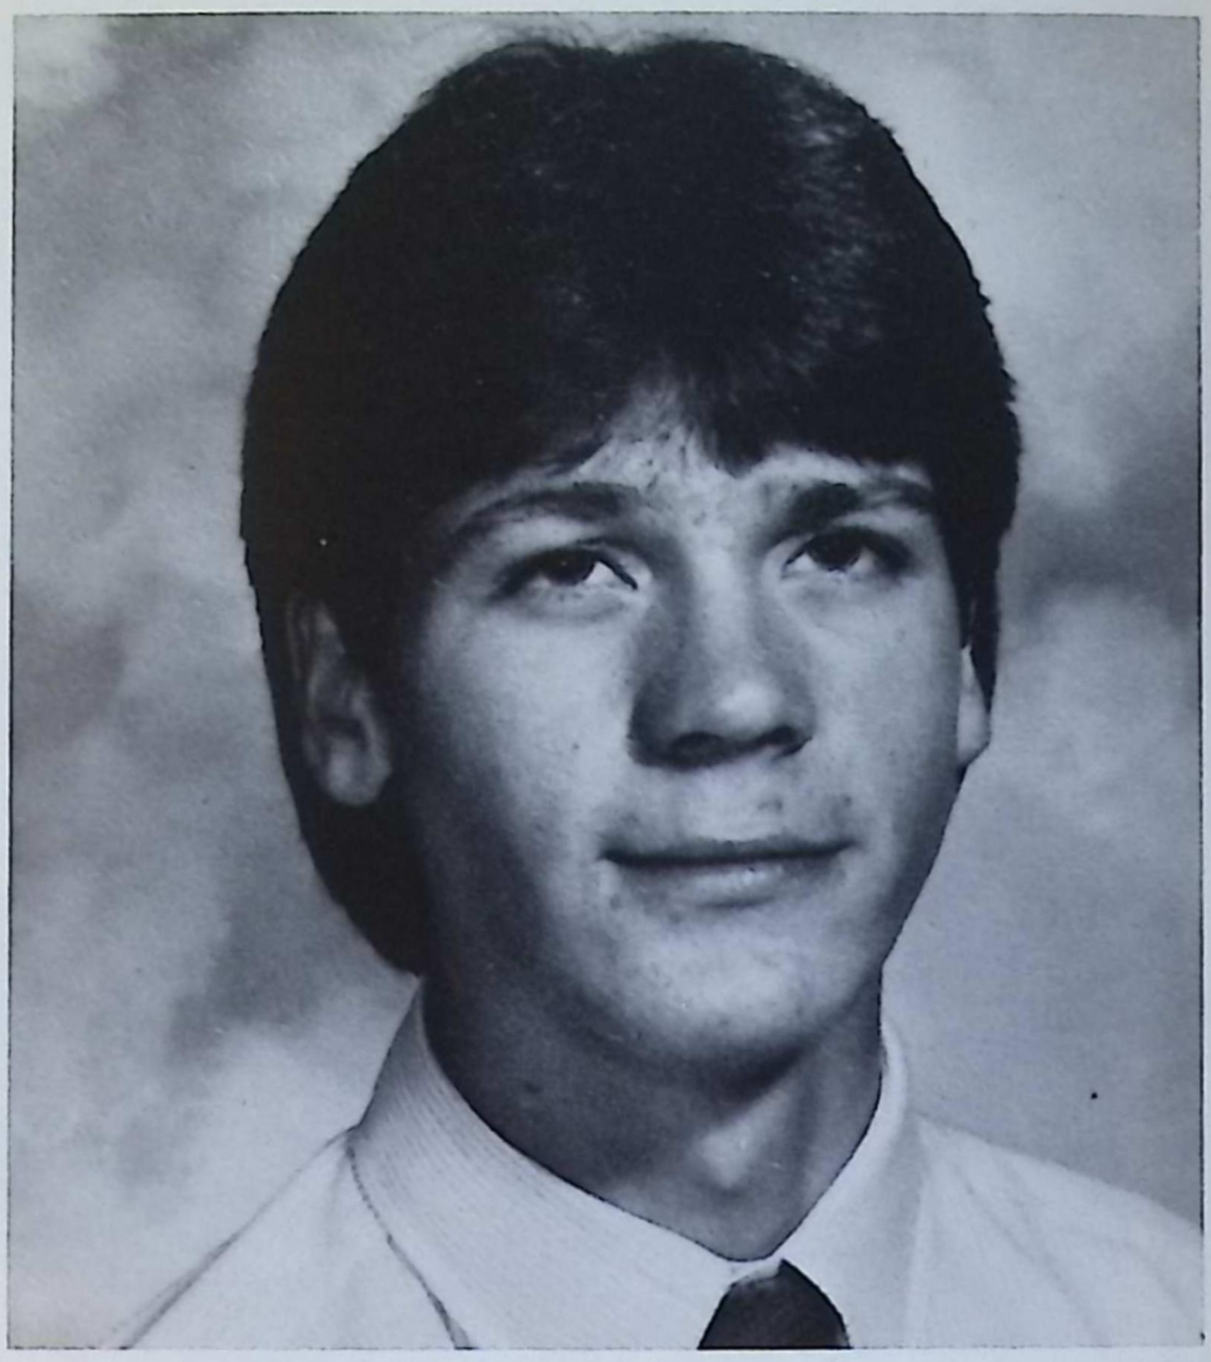
In Memory of . . .



Larry S. Strauchman

Larry was a son, a brother, and a friend. He enjoyed welding and art. He was proud of what he did. He was a caring and thoughtful person. He really loved life.

He was awarded his diploma posthomously, June 1988.



Chad Mathew Keding

2/6/71 — 6/22/88

Chad was a living definition of all that is good and kind. To friends he was a well of strength, encouragement and support that they could draw from and depend upon. Chad had many abilities known only to his friends and family because he would never brag or boast. He gave 110% to all he did and took quiet pride in his accomplishments. He had so much to contribute, and those who took the time to break through that shy exterior will remember a sweet, funny guy who made them feel better when he was around. Although he did earn many honors and awards through the years, they were not what mattered to Chad, they were only a bonus. What mattered was friendship, not because of WHO you were but WHAT you were. Chad had a way of helping others without stripping them of their dignity and asking nothing in return.

Chad attended St. Clair schools for eleven years and was very proud to be part of the "Class of 90". Chad was much more than just a son, he was a best friend and he would be pleased and honored by this memorial.

Holding Down The Fort

This year has been a real challenge for me and for the students at SCHS. I have been told by several students that the year has been dubbed a "Rood Awakening."

I am especially proud of the way the student body has adapted to the challenging expectations that have been set by both building administration and teaching staff. The potential to be both an effective and exemplary school are here at SCHS. It must be a common goal for all of us to reach that potential.

To our seniors, I wish much happiness and success. You have been given many pieces of the puzzle, the rest will come in time. The ability to put it together depends on the decisions you make form here on out. Good Luck.

Mr. Bob Rood

The past year has been a learning experience for me as I made the transition to St. Clair High School. A new community, new staff and, most importantly, new students have taken time to get used to. But with change comes growth. The "newness" I've had to adjust to will soon be experienced by our departing seniors as they go forth to greater educational endevors or new jobs. Those of us who stay behind will be met next year with new changes at St. Clair High that will tax our energies, as we welcome new sophomores and freshmen.

How we meet the challenges of change and adapt to it will, in large part, determine our success. May your successes be many in the coming year and may you look back on the 1988-89 school year with pride and a sense of accomplishment.

Mr. Rick Rose

The staff here at St. Clair High School is very dedicated. How can that be proven? It is shown everyday that the school is in session.

The teachers put hard work into giving students the best possible chance to learn as much as they can. They push hard and make students try to work to their full potential. Teaching can be one of the most demanding professions on any level, but our teaching staff here at SCHS does a great job.

What about our principals? We know that when you think principal, you think detentions, and in-house, but there is much more to it than that. A principal must be caring, responsible, and most all, keep things running smoothly.

Guidance counselors are another part of the staff at SCHS. They offer all kinds of advice on many subjects. They help with schedules, classes, and most definately with grades. Our counselors are very committed and caring.

The secretaries are the part of the staff that keep everything in order. The ladies that are in the office faithfully everyday are very involved with students. They call home to parents when a student is sick, they take complaints and messages, and virtually keep track of everyone's coming's and going's. They do excellent work.

Have you noticed how the school is so clean when the students come in in the morning? If you haven't, you should. The custodians put a lot of time into cleaning this school and keeping everything up. They can be found here most nights after school has been closed and all the activities are over. Our custodians deserve a hand for keeping this school up so well.

Also, you can't forget about all the extra's we have here at SCHS. There are the bus driver's who arrive every morning to bring the students to school. Serving our food are the lunch ladies. Not to mention the coaches of our sports.

It's kind of unbelievable when you think of all the people involved with keeping our school up and running. There is so much hard work and dedication involved, and our staff is what makes this school a great place to learn.

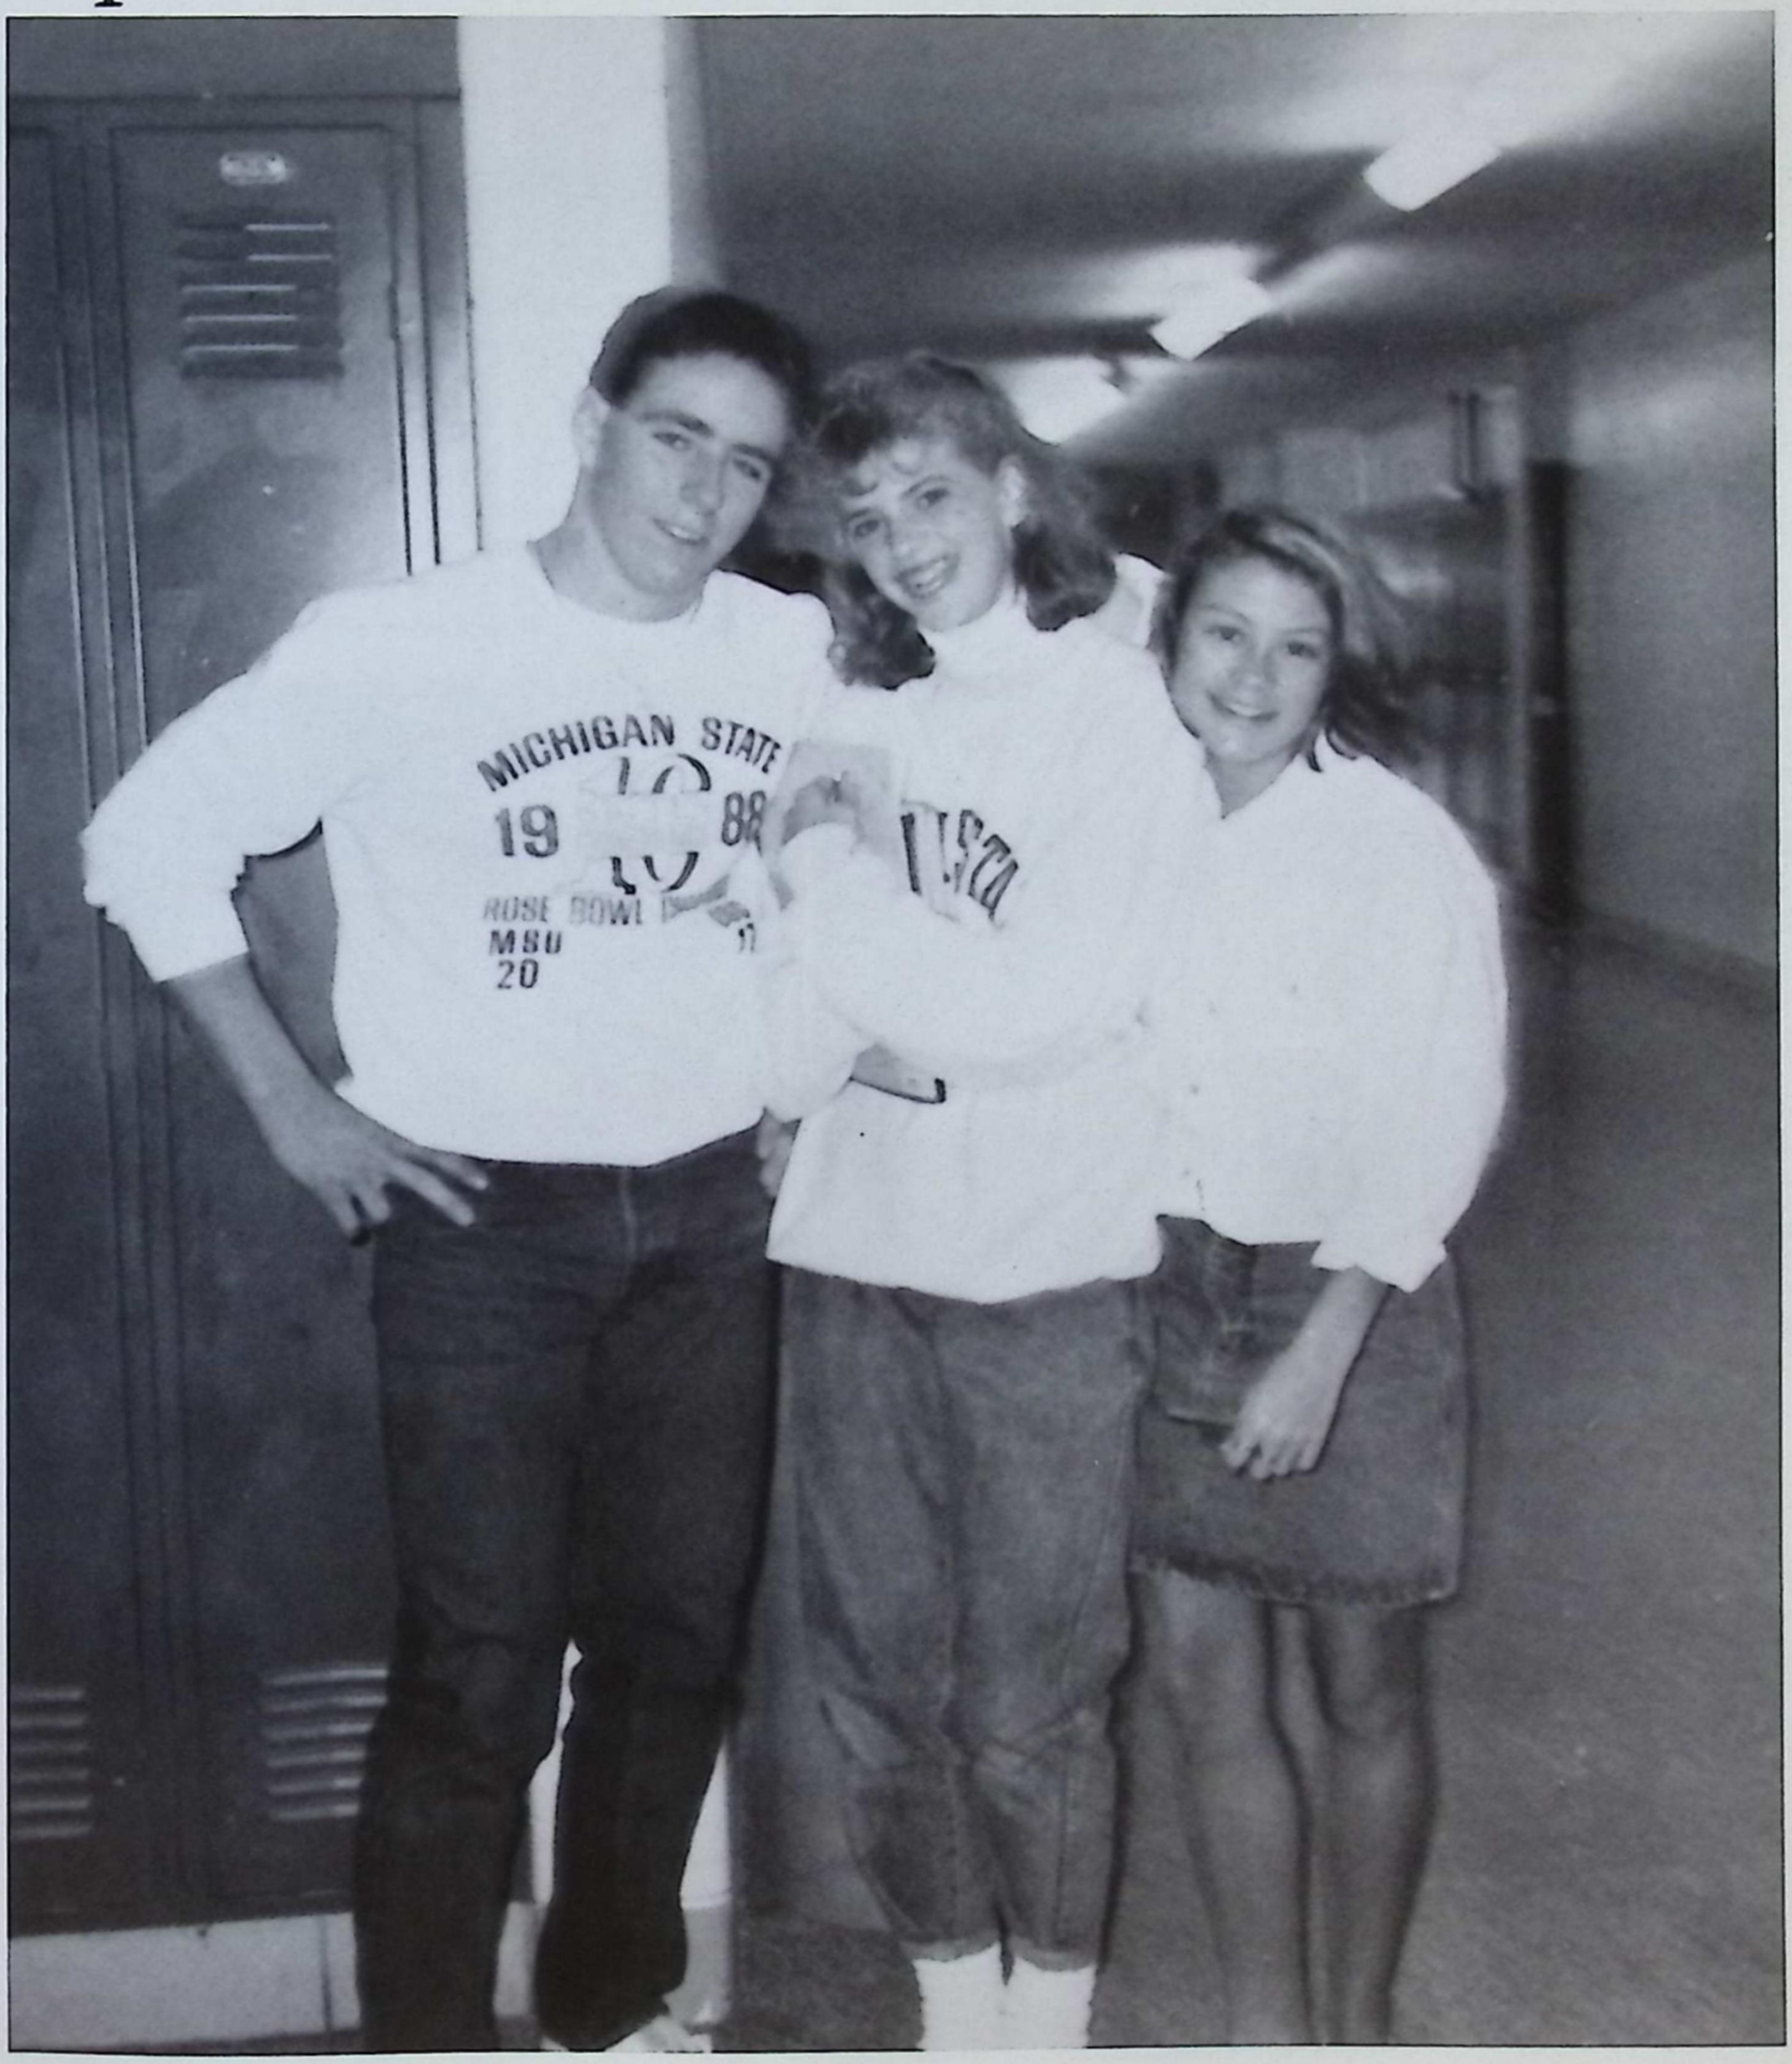
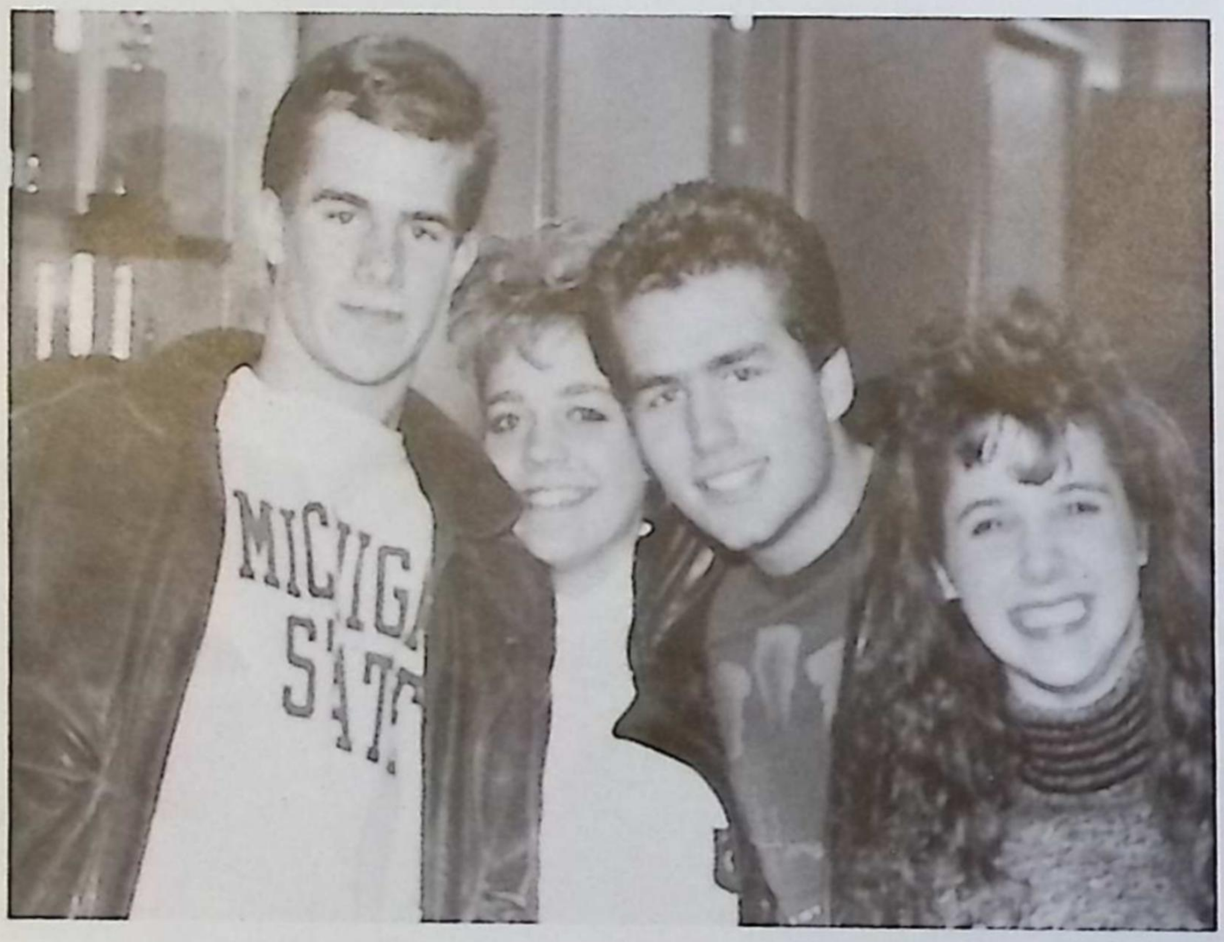
Sophomores



A Wild Entrance

The sophomores had an exciting year getting into the swing of things at SCHS. They had their first Homecoming Dance and are ready for their own proms in the near future. The sophomores have settled themselves in quite well, in spite of all of the paranoia and embarrassment of walking into the wrong classrooms at the beginning of the school year. Believe it or not, sophomores are a very important part of SCHS life. Ther are three years of History in our school. They are the



builders of dreams, memories and friendships for the grand ole' high school years. Welcome sophomores! Have a great time! Keep up your spirit! Your doing great so far!

LOOKS like the sophomores made it!! They pulled through thick and thin, finally making it into their classes without a problem. The paranoia has ended, and the sophomores have now begun to flaunt their wild spirit! They have proved to us that they can make it through high school and at this point, not a thing will stop them as juniors while they watch the new sophomores. Remember everything that has happened and will happen in your high school career. Make it a good one, sophomores. We'lll see you next year!

Parading Our Spirit

The sunshine added extra spirit to this years Homecoming Parade.

The theme of this years parade was appliances, and both students and teachers went "all out" to prove that their float would be the best. The seniors were the winners, with their float titled "Beat 'em". The juniors were a close second with "Iron 'em" and the sophomores put up a good fight with "Toast 'em". This years new addition to the float parade was the teachers float "Roast 'em".

St. Clairs true spirit was shown through the work of Dave Daggot and the Marching Saints. The band looked impressive marching in step while the color-gaurd flashed the Saints color with their flag routine.

The 1988 Homecoming Parade was as good as ever, but many people said it was better then ever. That is because St. Clair's spirit is starting to shine. Way to go, Saints!

THE Sophomores took third place with this float: Toast the Devils.

Saints Show Their Spirit

Spirit was at its peak when students flocked onto the new stadium grounds for St. Clair's Homecoming Game. The stands overflowed with students, family members, and alumni to cheer the varsity team to victory.
During half time, the court was introduced. The 1987 Queen, Dawn Vargo, and King, Dereck Reese, were present to pass on their crowns.
Finally, the 1988 queen and king were announced and the crowd cheered with approval. Honored were Kim Jones as Queen and Marty Zobl as King.
There was a touch of magic in the air as the Saints defeated the Richmond Blue Devils, 27-0.

Memories To Last a Lifetime

On the evening of October 15, our high school cafeteria was turned into a magical room full of colors. A night of excitement and fun was promised to all who attended the St. Clair High School Homecoming Dance of 1988.

Upon entering, students and their guests were greeted with sounds of music and laughter. Friends and couples gathered together to celebrate the victory of the Saints Varsity Football team.

The music wasn't very loud, but spirits were high as students hit the dance floor to dance the night away. Later in the evening, the 1988 Court members were announced.

Fruit trays and cookies, along with punch, were enjoyed by students and their guests who had slipped off the dance floor to catch their breath.

All too quickly, the dance ended and students drifted out of the cafeteria, carrying with them memories that would last a lifetime.

Spirits Soar

Summing up this year's Home coming festivities in one word is nearly impossible. There are quite a few words that can be said about all the spirit the students showed this year. Some of them might be, enthusiastec, overwhelming, beaming, and most definately, "on the wild side."

There was an excellent turnout for the Homecoming Game and half-time activities. The day of the parade was sunny and beautiful, just the kind of day to suit out Homecoming Court. Also, as luck would have it, our football team left the opponent in the dust. With spirits soaring, the Homecoming Dance was a great way to end the festivities of Homecoming '88. Thinking back, we are sure there are a few of us who will never forget Homecoming '88.'

Student Council has gone through many changes this year. Mr. Eberhard is the new Student Council Advisor and with him came a whole new meaning for the word "success." Monina Danao, Student Council President, has been another spark-plug in getting the Council going in the right direction.

This year Student Council sponsered the Bon-fire for Homecoming, a Red Cross Blood Drive, a Coca-cola Dance, a balloon sale for Easter, and many other worthwhile things that benefit us all at S.C.H.S.

Good luck to Councils to come, and thank-you for the hard work and effort of St. Clair's Student Council of 88-89.

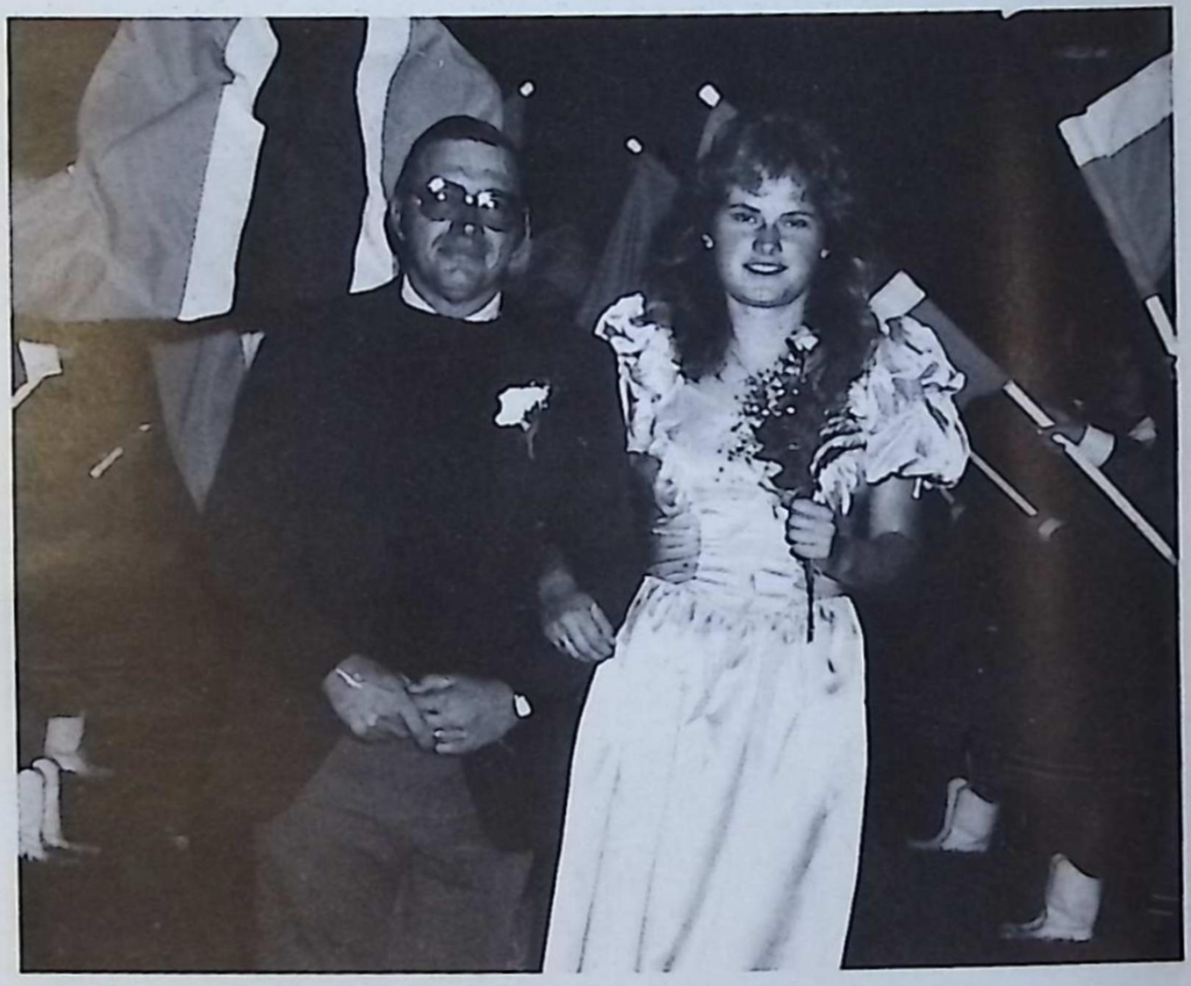
Spirit From Other Lands

Liisa Gloersen is St. Clair's 17 year old exchange student from Finland. She is living with Tim and Bonnie Zobl. Liisa enjoys eating at McDonald's and she loves Pizza. One thing she really likes about America is the fact that you only have to be 16 years old to get your driver's license while in Finland you must be 18. She explained that back home everything was within walking distance and here you need a vehicle to get where you are going, that was something she had to get used to.
When she gets back to Finland, Liisa plans to finish high school and then go on to college.

Nichole Rugullis, a 17 year-old exchange suudent from Germany, is presently living with Dave and Carol Sheets. Nichole enjoys playing tennis, drawing, and going out with friends. She especially likes the food here. Nichole is surprised with the amount of spirit there is in school, and also the variety of classes we can choose from.
When she gets home she plans to finish her last two years of high school and hopes to come back to America to attend college.



Ivan Giovanettina, an exchange student form Switzerland, is enjoying the sights of America. Ivan is staying with Mr. and Mrs. Zobl. He enjoys skiing, volleyball, playing the piano, reading, and dancing with his friends. He listens to pop and jazz music both here and in Switzerland. Ivan plans to return to Switzerland to finish high school, and he hopes to come to America again soon.

Youth for Understanding is an international exchange program for teenagers age fourteen to eighteen. There is a possibility to go to one of twenty-seven different countries for summer, semester, or year. Among these countries are France, Germany, Venezuela, and Japan. Prices may range from $2500.00 to $4500.00.

There are only a few prerequisites. There is a two year language requirement to some countries such as France and German speaking Switzerland. Year and semester students should have a B average or better.

Spending time abroad is an exciting and rewarding adventure. In addition to the regular program, Sports for Understanding allows students to spend one month in another country playing sports and experiencing another country.

If you go abroad, you will change in ways you never imagine. You will experience something that most people never will. It's the experience of a lifetime!

Onnen Schultz is an exchange student from Germany. He is staying with Mr. and Mrs. Wangler. He enjoys New Wave, and rock music. He thinks homework is the most different thing about the States. He likes American food, but claims to indulge too much in junk food! Onnen plans to finish high school in Germany and come back to America to finish his formal education.

Miriam Dalsgaard, from Denmark, is staying with Joan and Robert Findlay. Her favorite foods are chocolate chip cookies, pizza, and ice cream. Miriam enjoys traveling very much and is glad she got to experience America first hand. When she gets back to Denmark, she will finish two more years of school and, funds permitting, she would love to come back to America to attend college.

Spirit of Academic Achievement

This year's National Honor's Society is involved in many activities. The Society worked on a bake sale, raising money for Muscular Dystrophy, they have a tutoring program, and in the summer they worked together in a car-wash to earn money for the induction ceremony for new members. To be involved in National Honor's Society, one must maintain a 3.4 grade average and must include academics, leadership, service, and character. The National Honor's Society is a fun and hard working group.

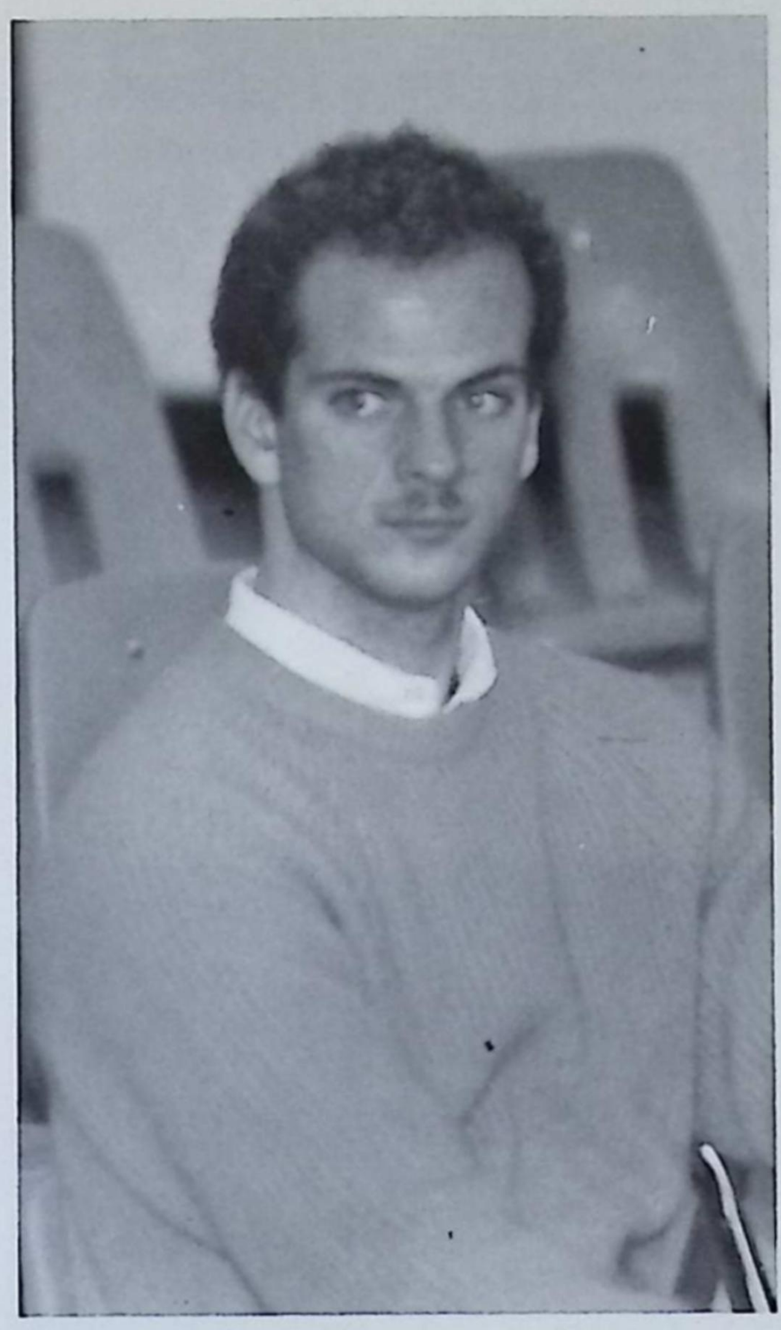
Talkin' To the Boss



The Principal's Advisory Committee consists of volunteer students who meet with Mr. Rood once a month during lunch.
The purpose of the group is found in the title. These students are the "pipline" to the administration. It gives the student body an opportunity to express concerns and give suggestions on the overall operation of the school.
Many students attend the meetings but the most consistent attendance has been by Mike Davis, Eric Liniarski, Heather Scholfield, Karry Schmidt, Nathan Heverin, Mark Peters, Renee Page, Loren Brooks, Julie Delor, Stephanie Legstra, and Tim Mrosewski.

Taking Time To Care

S.A.D.D., Students Against Drunk Driving, are students who try to promote alcohol awareness programs from the junior through the senior high school. They don't want to see our classmates acting irresponsibility when it comes to alcohol.

There are, right now, thirty proclaimed members. Students can help out by living by the rules — don't drink and drive and be a friend by not allowing others to do so either. Be a positive role model for younger teens and be yourself! Have fun without feeling like you need to show off. Start to care about others more. In the past, S.A.D.D. has sponsored project graduation. This year Miss Sredich and the students are concentrating on community awareness, peer pressure, and interacting more with junior high. Miss Sredich said "We're really up against a post image of negative proportions. However, we really do have fun and we care about the safety of our community."

Athletes of the Mind, Unite!

This year, the SCHS quiz bowl team got off to a good start. The team is comprised of eight students, which are divided up into two teams, a junior varsity and a varsity team. They practice two to three times a week and compete against different schools. In competition they are asked to answer "mind boggling" questions. The team has a lot of fun meeting new people, but they especially enjoy the food served in between the rounds. The only thing to say about quiz bowl is that it's FUN!

The St. Clair High School Forensic Team has made a successful mark in their first season. Their members, Tim Burns, Monina Danao, Kim Jones, Rachel LaRue, Jay Peterson, and Sarah Roof have all contributed to high team scores. On February 25, the Forensics team placed 2nd among class B schools at the Frankenmuth Invitational. Jay Peterson recieved a 4th place trophy for Dramatic Interpretation.

Saints Spectacular

The Journalism staff this year only consists of five people: Kim Jones, Beth Peters, Ann Thompson, Renee Page, and Lisa Thompson. They work very hard to write and print the "Clairvoyant," the school newspaper which comes out every two weeks. The five girls, with the help of John Webber drawing cartoons, consider the job a learning experience. It isn't a class, because of the shortage of students, but rather an independent study hour. The girls write and edit most of the stories, but two or three per issue have been submitted by others. Mr. Weber proofreads and advises the staff. The group all agreed that their favorite issue was the Christmas issue. The staff had a good year and were appreciated by the students.

Making it Wild

Tucked away in a far corner at the building, there is a room where huge amounts of data are received, processed, filed, or discarded, every single day. No, it's not Computer Literacy, just the Yearbook class. Every day, pictures, papers, statistics and many other things must be sorted and processed. The junk is thrown and the valuable memories are kept and filed into print along with all the other little things that make the Yearbook so special. It's a tough class that takes a tough person to stick out, but the end results are always worth it. Another year slips into history. The time is lost forever, but the memories of the good and occasionally the bad, the wild times and the fun, are all preserved for you by the SCHS Yearbook Staff.

Skills for Life

Co-op was started many years ago to help students prepare for their future. It is a method of vocational education for individuals who, through written co-operative arrangements between the school and local employers, are allowed to work in the community for pay and at the same time, receive credit toward graduation.

Seniors are the only students allowed to participate (sorry, school policy). It is run by Mr. Tharrett who is more than willing to answer any questions you may have about the program.

Co-op gives students a great advantage in the working world and prepares them for full-time jobs after graduation.

Experience for the Future

Students who are interested in fields of trade that are not offered at the high school have the opportunity to recieve credit for hands on experience in the community through Work Experience. This program allows a student to learn a trade while still attending school. They leave school for a few hours, are paid for their work, and they receive a grade from their employer.
The Wrok Experience Program is run by Mr. Tharrett. If you are interested in this type of program, look into it! Don't miss out on the chance to gain experience for your future!

Skill Center

"Skill Center is a good learning experience. It also helps the students to find a good job. The things they teach you are very valuable in your future," said Rachel Kania. Rachel is in the Business Department. She plans to be an accountant. "It is a good learning experience and prepares you for the future," said Tracy Burby, also in the Business Department.

Some of the Skill Center teachers, from the Health Department, were interviewed. The Health Department teachers are Arlene Shannon, Elizabeth Merdick, and Judy Hawley. "This class is about Nursing and anything to do with it. It teaches you how to take care of people who are handicapped, ill, or just can't do things by themselves that need to be done."

The Business Department deals with anything that has to do with business. Some examples include: being an accountant, business manager, or financial assistant.

There are many more classes to choose from. If you have a specific job interest, they will most likely have the class for you. Skill Center is an all around terrific experience, so don't miss out.

Business Professionals of America

Business Professionals of America, formerly BOEC, has changed it's name to be consistent with other states. This club is designed to improve and establish standards for entrance into professional careers. Club members compete with other schools at regional, state and national levels.

The club encourages the development of occupational skills and leadership ability through participation. It also develops a sense of social acceptability and individual responsibility toward the home and community.

Some of the areas that the students compete in are financial assistant, data specialist, computer specialist, administrative assistant, and many others.

A Spirited Beat

The 1988-89 Marching Saints are having their best year ever. Under the new direction of Mr. David Daggett, the band had a terrific football marching season and were a big hit at basketball games, too. Mr. Daggett, fondly referred to by some of his students as "Dr. Dave", knows that Band isn't just a class, but one big happy family. He says that this group has a lot of fun when they perform and he really enjoys the tremendous response from the crowd.

The students didn't realize at first how hard they would have to work, but they are a determined group and seem to have taken a liking to their new "coach". Band takes a real commitment and hours of practice each week. One student said, "You really have to love what you're doing, because it's work". Said another, "I think we've gotten a lot more recognition this year, everyone appreciates us." When it comes to spirit, the Band really knows how to show it. Best of luck to Dr. Dave and the St. Clair Marching Saints.

The Singing Saints

The Choir and St. Clair Singers sing at all of our area elementary schools and secondary schools twice a year. They also perform two major evening concerts a year and participate in our mid-winter talent show.

Choir gives students a chance to release energy, unwind, build character and self-esteem. It allows students to succeed without competing and always win. It's a chance to share with your friends, develop a talent and make other people happy by entertaining them in a fun and positive, healthy way. Music has a way of making it right. When people share music, often troubles go. Today, more than ever, it's nice to know it's there. If I had to describe choir in just one word, it would be only one of many. Never-the-less, I would say "worthwhile."

All the Right Moves

There are many individuals who think dance is a "blow-off" class. This, however, is not true. Dance takes time, effort, and plenty of skill.

Many techniques are taught throughout the year. Students learn different steps from square dances, mime, contemporary (rock), jazz, ballet, modern dance, and gymnastics. Usually there is a mixture of all of these put into one dance.

Ms. Mihaiu makes up the dances and then teaches them to the class. The students are graded on their ability to learn steps and techniques.

For mid-term and final exams, the students are required to make up their own dances. They have to be two or three minutes long. Seniors are required to do solos, juniors-duets, and sophomores-trios.

Also, during this year's basketball season, the top 16 dancers were chosen, out of approximately 150 dancers, to perform during halftime at the varsity basketball game.

To make it as a top 16 dancer, the student must be able to perform one of Ms. Mihaiu's dances to perfection and receive a grade of A+.

Dance is very interesting and fun. It improves coordination and keeps one in shape.

A gust of wind hits Miss Mihaiu's dance class.

Juniors

Making Spirit Count

The Juniors are finally in the routine at St. Clair High School. No more walking into wrong classrooms or unfamiliar faces in the hall. They have loosened up a now are a major part of St. Clair High. The Juniors have worked very hard to become part of our school. The smiling faces that were showing in the Junior High a still smiling today. They have grown up in the last few years and are now getting ready to face the world. This is the big world of life. The Juniors look forward t their senior prom and, most of all, their Daytona, Florida Spring Break. It may seem like just yesterday when they were walking through the doors of the Hig School for the first time, but soon they'll be walking out for the last. Then they will be reaching new goals, making new friends, and capturing memories that wi last them a lifetime as they finish out their last year at St. Clair High School.

GORDIE Billy, what are you doing?
THE toppling juniors have arrived.

Through Good times and bad times, the Juniors hve had their fun. Next year they'll make their senior year the best ever. It will be hard to say goodbye to their friends at graduation, but they will be saying hello to a brighter tomorrow. Best of luck to the class to 1990!

The Death and Life of Sneaky Fitch

The 1988 Junior Class Play was a smashing success. The cast of juniors and seniors spent many hours memorizing lines and rehearsing stage directions.

To the ambitious little town of Gopher Gulch, Sneaky Fitch is an abrasive disgrace-a no-good, drunken nuisance. When he becomes sick, there is a sigh of relief, and when he apparently dies,(thanks to some suspicious "medicine" administered by the departing Doc Burch) there are few tears. But, when Sneaky rises from his coffin, the picture changes, for on one dares confront a man who has come back from the dead. Capitalizing on his "invincibility", Sneaky soon takes over as sheriff, mayor, town banker, and mortition — not to mention being the man who faces down Rackham, the fastest gun in the West. In short, where he was formerly unbearable he is now insufferable. But mortality (thanks to the reappearance of Doc Burch) suddenly returns, and once the truth is out, it's curtains for Sneaky-this time for keeps-and all ends as happliy as you might wish.

The students who aided to the success of this hilarious production are to be congratulated.

Junior Prom

The Masquerade Ball was a fabulous hit for the Junior Class Of 1990. The class put a lot of hard work into decorating the cafeteria and turning it into the "Midnight Masquerade." The evening was filled with mystery and excitement as friends saw each other out of their blue jeans and in their fancy clothes, instead. Couples danced the night away and friends joined friends for breaks at the tables. It seemed that everyone was truly enjoying themselves as they saw all of their hard-decorating work and giving up of free time truly did pay off!

J.V. Baseball

Here are the guys that really have given their team what it takes:

The J.V. Baseball team had a great victory season with ten wins and six losses this year, and they finished it all up with three straight victories.

They have improved from last season, and this year they're batting average was .313, which also includes five home runs. They out hit their opponents and scored more earned runs they their opponents.

We also had some hard working pitchers this spring, and their earned run average was lower then last season.

To mention some special names from this splendid baseball team; Mike Bassett had a great pitching season with a 2.33 E.R.A. and struck out more than one batter per inning — a 4-0 record!

Then it was C.J. Oles that led the team with a batting average of .488. He also led the team in runs scored and on base percentage.

Great job and good luck next season to all of you!

Out of the Park!

Another season of hard work and long practice has once again paid off for the 1988 St. Clair Saints Varsity Baseball Team. Under the skillful guidance of Coach Rich Mallwitz, this years team had a record of 9 and 1 in the league, and a 15 and 8 record overall. They went on to play in the district championship game against Marysville, after defeating Marine City. The St. Clair defense was led by a skillful pitching staff including Brian Moran, and Chris Strathman. John Richardson led the offense with .453 batting average, followed by Brian Moran, and Gerred Roehring, with .439, and .413 batting averages respectively.

Award winning team members included Gerred Roehring, Brian Moran, and Chris Strathman, who earned 1st team-all league honors. Second team honors went to Kurt Mead, and John Richardson. Brian Moran also earned MVP of the SCAL league. This St. Clair team obviously has a bright future in store for them.

Their season was a winning success. The St. Clair J.V. Softball team was 9-10 over all. They had a real good season by improving immensly as the season went on. The MVP went to Wendy Carrier, Kelly McCabe and Most Improved Player was Becky Hayes. Team Spark went to Jenn Frantz, Team Sportsmanship to Deb Tackaberry and finally coaches award went to Wendy Carrier. The girls had a fine season under Ann Cooper.

Boy's Tennis

The Boy's Varsity Tennis team finished the season with a strong record of five wins and seven losses. The team had many individual achievements accomplished throughout the season. One of these achievements was Kevin Shaw being runner up in first singles at the Class B Regionals. This qualified him to advance to the State Finals at Kalamazoo. Three of the teammates made the All-League team. They were as follows: Ron Stablein and Kevin Donaldson for first doubles on the first team and John O'Conner for fourth singles on the second team. Not only did Ron and Kevin get named All-League but they were also named MVP's for the season. Paul Dano and Bob Gamble recieved the Most Improved Player.

The 1988 Boy's track team, led by coaches Walker Archer and Ben Witukiewicz, was slow out of the blocks, losing their first three meets. After picking up the pace in the fourth meet, they went on to conquer Marysville for the first time since 1969. This sensational victory uplifted the spirits of these atheltes and pulled them on to a 4-3 overall record for the season. Outstanding players included; Ken Distelrath, All State 800 meter and 1600 meter runs and All League 3200 meter run; Reid Allen, 2nd team SCAL 200 meter dash and state qualifier 1600 meter run; Rod Carrier, All League 3200 meter run; Phil Hornburger All League 3200 meter run; Doug McLaren, All League 3200 meter run; Scott Sherman, field events award; Tom Harman, All State 1600 meter run; and Nick Pauly, 2nd team SCAL High jump. Running Wild

The key words, this year for the Lady Saints Track Team were "Atta-girl!" These words were often heard on the track being yelled as encouragement to fellow team members. These words symbolize the dedication, unity, and supportiveness of this year's team. You can see these qualities shining through in the people like Sherri Becker who was the MVP, Lana Poppenga who was Most Promising, and Bridget Kruesel who was Most Improved over the last Year. The girls had to deal with some crazy weather this season, but they still managed to finish the season with a league record of 3-2. Outstanding performances occurred at every meet. This is shown in the three school records that were set this year: Karen Germain hurled the discus 104'2", Sherri Becker leaped 4'8" in the high jump, and Jamie Springborn ran the 300 meter hurdles in 50.7 seconds. The team was lead in their quest for success by team captains Robin Gross, Karen Germain, Gail Wolfe, and Dana Hirt. Coach Shaw says that if the team keeps growing and they develop their talents properly, the Lady Saints are going to be a force to be reckoned with on the track.

Shoot For Two

The 1988 Girls Junior Varsity Basketball team, coached by Mike Craze, achieved their goals as planned this year. Although they shared the SCAL league championship with Cros-Lex, they took pride in themselves in representing our school with class and good sportsmanship throughout the season.

Game captains were appointed on the basis of performance. The starters consisted of Debbie Tackaberry, Angie Markel, and Sara Riedel who put forth a great effort throughout the season. Jenny Collins led the team with 133 points, and Angie Markel with 127 points. The leading free throw shooters were Jenny Collins with 64% and Debbie Tackaberry with 60%, who also led in assists and rebounds.

After trailing in the third quarter in the Richmond and L'Anse Creuse North games, the Junior Varsity Lady Saints managed to win both games. The win with L'Anse Creuse ended their three game losing streak and helped them proceed with a ten game winning streak. The J. V. Lady Saints lost their final league game to Cros-Lex and therefore shared the SCAL championship with them.

They had a great season and are looking forward to many more. So are we!

Our Best Shot

We would like to congratulate the 1988 Varsity Lady Saints basketball team on a tremendous season. Coach Fred Shaw, named the area Coach of the Year, led the team on to their 10-0 league season and their 18-2 season overall. The team captains were Ann Shaw, Hollye Diedrich, and Sherri Becker.

Ann Shaw led the Saints with 273 points and following her were Sherri Becker with 248, Hollye Diedrich with 162, and Gwen Kollmorgen with 156 points. These girls had well over 100 rebounds and put forth a great effort toward the 1988 team.

Sherri Becker led the team with 40 blocks and broke the season point average record by making 14.6 of her shots per game. We're giving a special congratulations to Ann Shaw who made the 1988 SCAL League first team. Congratulations Lady Saints! You're the best ever!

Picking Up the Pace

Despite losing many superb runners upon graduation last year, St. Clair's Cross Country team still did an excellent job in representing our school this fall. Coach Albrecht led his team to finish two for two in SCAL finals, and also to finish fifth in the Blue Water Invitational. They ran undefeated in the Class B league, placing ninth in the state.

The team's outstanding players this year were: Rob Laming (team captain) and Jody Shovan: Jody Shovan ran the 5000 meter in 17:35, while Rob Laming took it in 18:00 flat.

The team had several challenging opponents this year with Algonac being the most difficult. Despite strong opposition, they held their own.

Coach Albrect's expectations for next year are high. He lost twelve runners last year, and he is losing one more to graduation this year, but he has four promising eigth grade runners that will be joining the varsity ranks next year. All in all, he is looking forward to another challenging season.

Hit The Courts

This years Girls Tennis Team was a good one indeed. Mr. Stablein and his girls had a 9-3 season. "The girls worked very hard this year," said Mr. Stablein. "I'm very proud of them."

Mr. Stablein gives a special honor to his five seniors: Ellen Groff, Amy Satblein, Anne Thompson, Jenny Ray, and Amy Gritzinger. If it weren't for my seniors being with me for four years, my Coach of the Year Award wouldn't have been achieved."

This years honors go to Nicole Ruqullis for sportsmanship. The most improved goes to Amy Gritzinger, and the most valuable goes to Amy Stablein.

Congratulations girls for a great season!

Coach of the Year

Mr. Stablein has been recognized as the Class B Coach of the Year, in the state of Michigan. "I'm very pleased, after coaching tennis for twenty-eight years, to have been selected Coach of the Year for the state of Michigan. This is a honor which would not have been possible if it had not been for the excellent play of my five seniors that have been with me for the past four years."

Tennis is a growing sport in popularity and St. Clair has certainly had its share of success over the past twenty-eight years under Coach Stablein. Under his leadership, St. Clair boys tennis team has won or shared fifteen SCAL championships and six regional championships.

In girl's tennis, St. Clair has won four SCAL Championships since the league adopted tennis as a sanctioned girl's sport. Whether it be girl's or boy's tennis, coach Stablein leads St. Clair to victory. So we'd like to say Congratulations, Mr. Stablein, on achieving the Coach of the Year Award.

Go For It!

This year's golf team was one of the best teams ever coached by Mr. Monte. "This year's team was a lot of fun. I really enjoyed coaching." said Coach Monte.

Unlike basketball and football, golf is an individual sport and your opponent is the course. You rely on your score to try to help your team mates.

This year's team captains were Kevin Shaw and Kevin Distelrath. The Most Valuable Player and Honorable Mension All Over was Derek Russell. All three golfers made the All League Team.

"The seniors did an exceptionally good job this year," said Coach Monte. "Even though it was Jay Peterson's first year out for the sport, he did a fine job, putting the team first.

This year's golf team went to regionals and placed sixth. They were just one stroke away from fifth and placed for state competition. They placed Second in the league.

Good job golfers!

This year the Girl's Varsity Swim Team had their most sucessful year. Their record was eleven wins and one loss compared to one win their first year. The all-around dedication was the reason for their success. The captains were Patricia Johnson and Joyce Govaere. The outstanding swimmers that were named were Patricia Johnson, Michelle Ingram, Sandy Rau, and Heidi Schweihofer. The most improved swimmer was Tawnya Schweihofer. As a sophmore, Heidi Schweihofer broke the school record in diving.

Miss Lucht, the coach, said that the swim team was strong individually and as a team. "The girls dedication toward swimming was very strong," said Miss Lucht.

This season's achievements included: having six records broken, having the best seasonal record, and continuously beating Marine City.

Keep up the good work!

Cheering for Victory

Cheerleading is not as easy as it looks! It takes a lot of hard work and effort on every cheerleader's part, including the coach, Mrs. Mary Vargo. Ask any cheerleader and they'll tell you that it's fun, but it takes A LOT of work.

Practice goes from 2:45-4:00 p.m. four days a week. The girls have to memorize cheers, make up new ones, learn new routines, and keep our guys fired up! Peggy Parsons thinks that the most enjoyable part of cheerleading is cheering for the fans and raising school spirit.

Even our J. V. Football coaches said, "The cheerleaders were great, we had compliments about them from the other teams fans." Thank you, Mr. Mal!

KELLY Bigger, Melissa Minor, Bethany Lowe, Therese Bonner, Julie Fullagar, Angie Schweihofer, Peggy Parsons, and Kristine Badger all have smiles of victory.

Elements of Style

The Saint Clair Varsity Football Cheerleaders work hard at what they do and they do a good job! Coach Judy Springborn appreciates her squad's effort and hard work. "The girls all had very good attitudes and boosted our spirits."

The cheerleaders were kept busy at the games, not only cheering us on to Victory, but keeping the fans hyped up by passing out footballs, megaphones, candy, and confetti.

"The band playing and fans responding made our school have a lot mors spirit and made our job a lot easier!" said varsity cheerleader Darci Vargo.

On A New Kick

J. V. football was an experience for both the players and their coaches, Pete Fox and Rich Mallwitz.

Team captains this season were Tom Harman and Jay Hubbard. Coach Fox said, "They were very competitive, got carried away with the game, and hated to lose." Coach Mallwitz said, "The team seemed to get better every game and all the guys were super and very fun to be with."

"The coaches were a lot of fun and very understanding during this season, the team always acted as a family, and no one picked on anyone else." Greg Gee said. "This was my fist season and everyone thought of everyone else and that's what made our team work."

An Impressive Line-up

The St. Clair High School Varsity Football Team worked hard this season for its wins. This was a rebuilding year for the Saints. "As a whole, we worked as hard and gave as much as any team all year," said head coach Ben Witukiewicz.

The years outstanding players were Captain, Rob LaDuke, Scott McQueen, Eric Sayers, Mark Loznak, Scott Lince, Ron Stablein, Steve Schweihofer, Colan Calnan and Craig Verbeke.

The team had two strong points. They played twenty players at all times, and they were very close knit, like a family.

"EVEN though we didn't win as much, I still enjoyed the season — that's what sports is all about." Scott Lince

Making Waves

The boys swim team had a very competitive season. Although it was a young team, there were many outstanding members.

The boys swim team had an overall record of 4-9 in the St. Clair Area League. A lot of hard work by everyone pulled off a great season.

The team's captains were Matt Toms and Dave McConnell. They showed outstanding swimming skills throughout the season. Dave McConnell broke one of the school's old records, and many other swimmers came close to doing the same.

The divers showed a mixture of versatility and technique. The divers this year were: Danny Acciavatti, Mike Stager, Jason Borne, and Mike Shinske.

It will be exciting to see what the boy's varsity swim team will do next year. Congratulations guys!

Sweet Spirit Sensation

The J.V. Cheerleaders did a great job this year cheering on our boys as they battled for the wins. They did their floor cheers at halftime and really learned a lot about each other. The girls did a fabulous job getting the team all riled and reved up. Our team got a lot of help and support from the squad. They were great for pumping up the crowd and altogether they helped the team be their very best!!

When the ggame got too tough, the girls were there to help get and keep the guys' spirits up. It was a tough and llong season, yet the girls gave a tremendous effort tto stick it out and keep St. Clair the best it can be! TThanks a lot girls!

The Sky's The Limit

We'd like to congratulate the 1988-89 Boys Varsity Basketball team on a super season. The team captains were Tony Plotzke, Rob Laming, and John Deegan. The most valuable player was John Richardson, and the most improved player was Rob Heminger. The players success is credited to their hard work and dedication. They practiced three hours a day, six days a week, and it payed off. St. Clair's overall record was 17-3 in the St. Clair Area League and they ended up second in the league. REMEMBERING THE BEST OF TIMES

Perhaps Charles Dickens summed it up best in the opening sentences of his epic novel — 'A Tale of Two Cities'. "It was the best of times, it was the worst of times." Truly they were the best of times for many; and at moments, also the worst of times. Such trivial things as homework, roaring around town at lunch, tests, sporting events, and even exams all seem to mix in with the major events such as homecoming, prom, and finally graduation. Together these things form cherished memories that last a life time. In some of the darker times, we revere the memory of a member of our senior class that met a tragic end. Derek Draghiceanu will not be marching with us this year, but his position in this year's senior class will always be treasured and remembered.

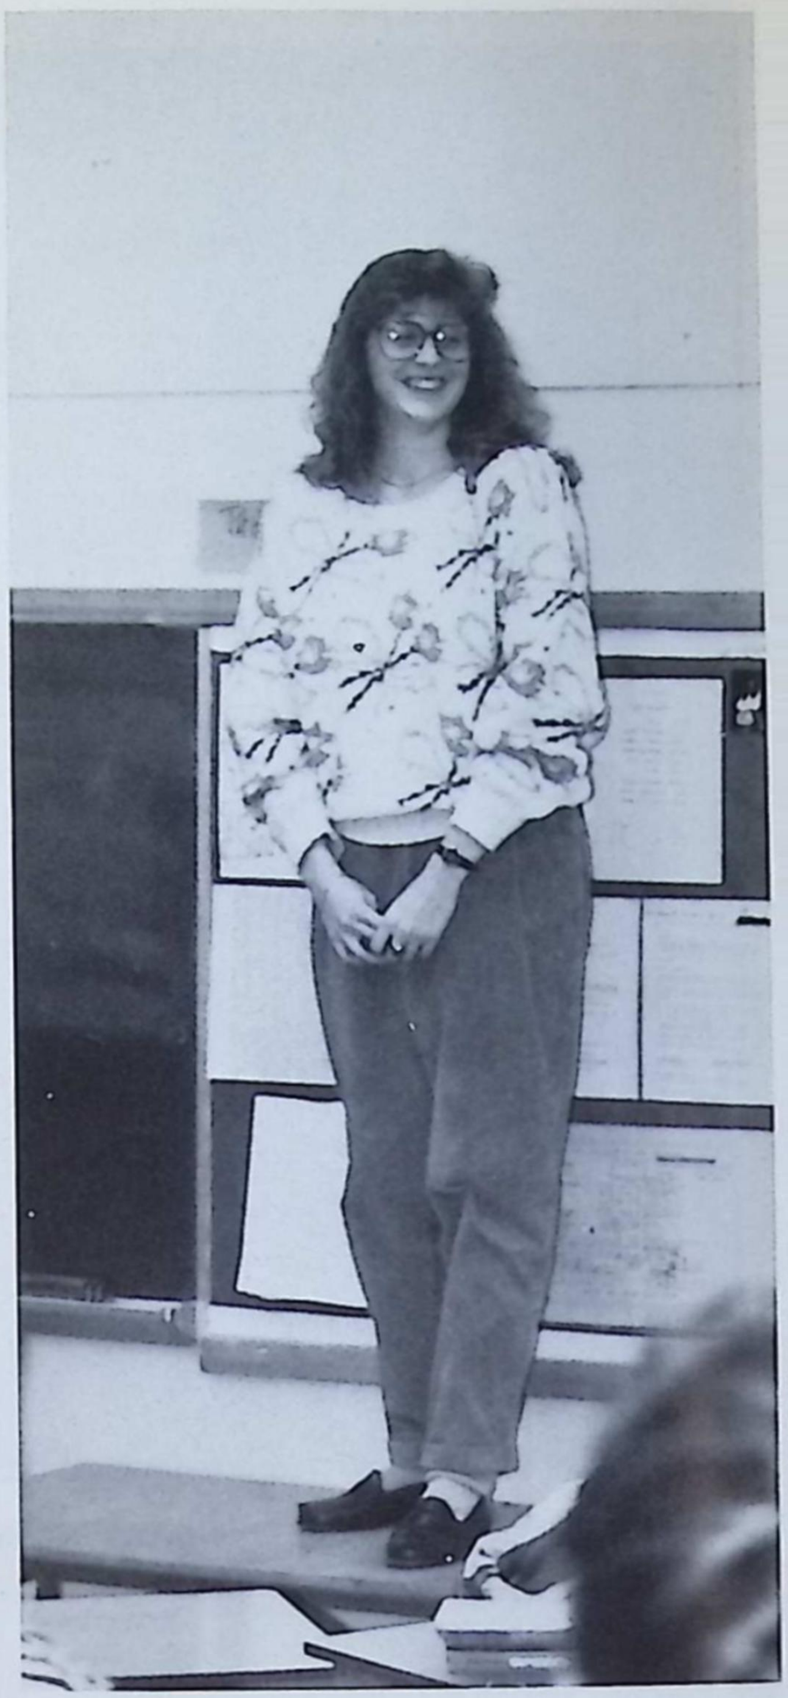
The first chapter of our story opened as we, like a gaggle of gangling sophomores, burst in on St. Clair High like a small bomb. Fresh from Jr. High School we struggled with such things as identity, open campus, and finding our place in St. Clair High's social niche.

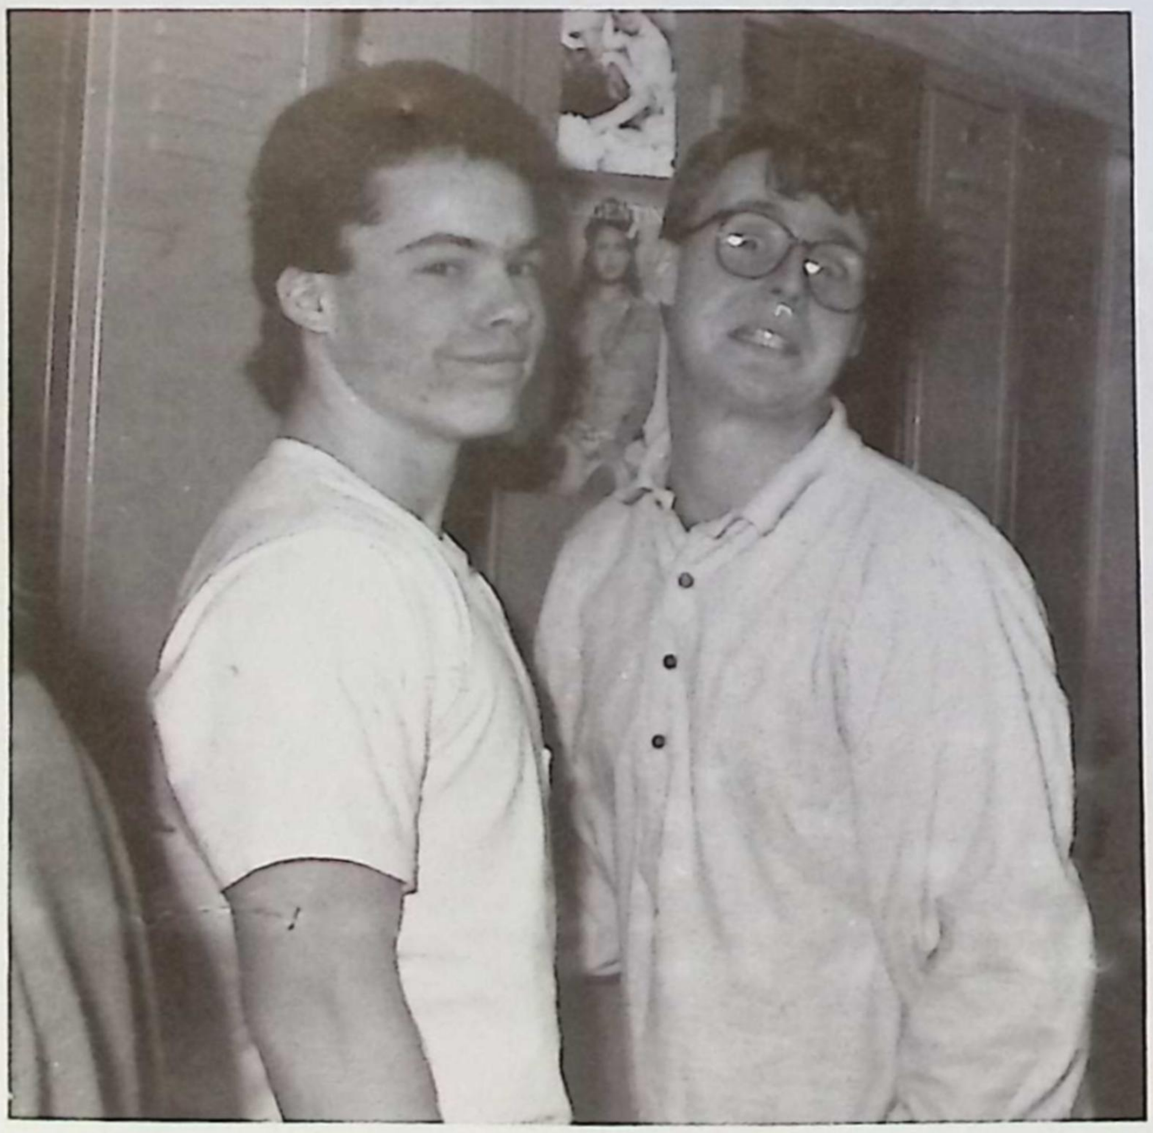
As the pages turned, we eased into our junior year as steadily maturing young adults, with such experiences as our first prom, and junior play to add to our growing collection of high school memoribilia.

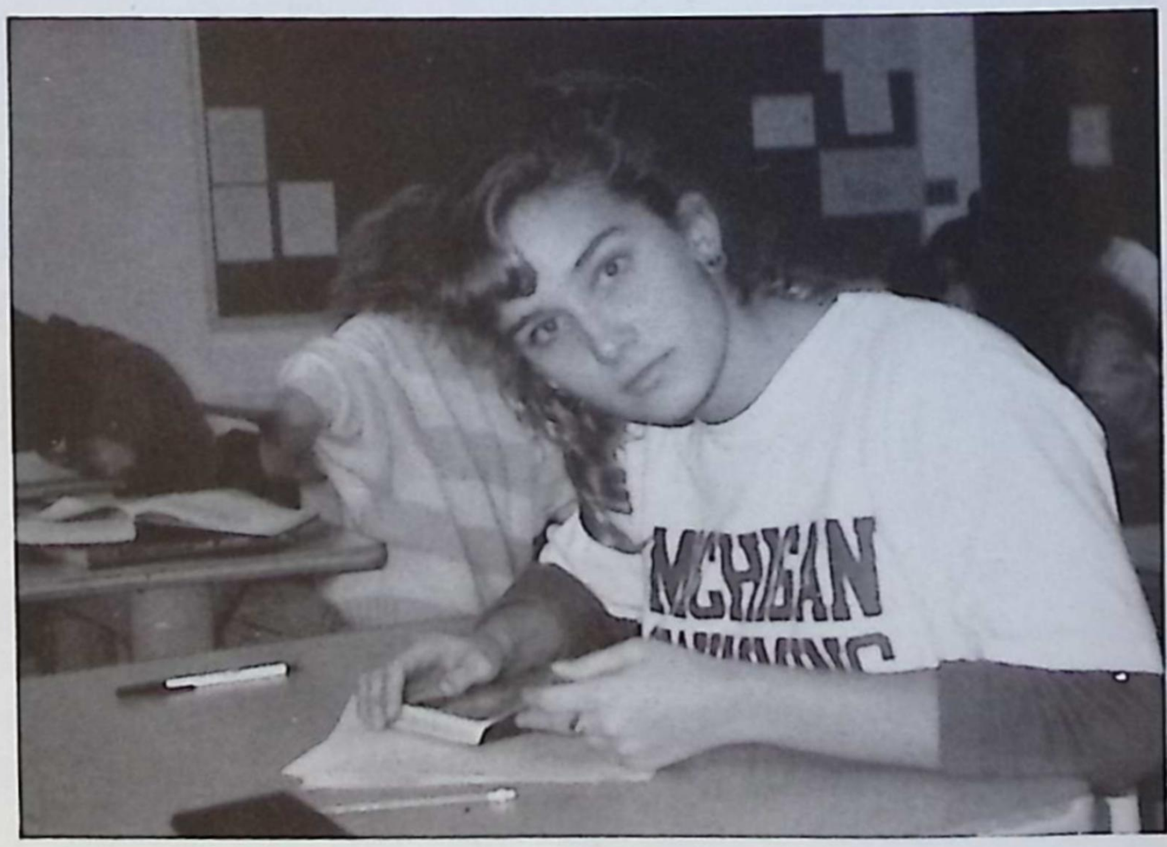
At the beginning of our senior year, many things seemed to come into focus. We've found our place, and we've found ourselves. Now, as things have fallen into place we find that it is all ending. The friends, the people, the places, and the memories all seem to fade to insignificance as we are confronted with such things as college, marriage, and living on our own.

We may feel that the last chapter in our book is closing, when in fact a new chapter in our lives is just beginning.

High school is a collection of memories and experiences that helped to shape the people that we are today and also the people that we will become tomorrow. High school is but a chapter that is now closing, but will be remembered forever. It is up to us to take the memories, the experiences, the good times, and even the bad and build for the future. Take up the pen and continue the book that is our lives.







SHERRI Becker is standing above the rest.
I meant to do that!
GOTCHA' Joyce!

YO John, you must be kiddin'!
BRIDGET Kreusel has a definite case of senioritis.
THESE three agree that giving blood is no problem.
LORI and Lori say, "Hey, what's up dude?"
WHO might these lovely ladies be?

I, Renee C. Page, leave my study habits and romance problems to Dave DeMeulenaer.

I, Meredith Cowper, leave my parking space and the retard dance to Heidi Stier, Shannon Porter.

I, Sarah Stahl, leave an organizing system to Mr. Roberts.

I, Craig Verbeke, leave all the fun times we had at the Detroit Western Hotel to the BOEC members.

MARY ZWENG *"Good-bye . . . Babe!"*

In Remmberance of . . .

Derek Draghiceanu wrote this composition on Sept. 10, 1987. We believe that this composition best fits his memory.

I am a very fine person who hopes to make it big in this world. On the outside I sometimes make myself happier than what I really am. On the inside I am sometimes not happy, but I try to keep myself up. I keep things to myself more than I'll tell someone my problems.

I try to be considerate to everyone no matter who they are. Sometimes I'm not and people often get angry with me because of it. I am a nice person and many people will tell you that. I love my family and home very much. I'm nice to everyone no matter who they are, nerd or not.

When I'm angry, I rarely take it out on other people, I keep it to myself. I know that's bad, but I've always been that way. I've been spoiled and loved all my life and I feel everybody should be that way.

I hate to be alone and I rarely am. I'm not much for religion, but if people want to do it I have nothing against them. I don't do drugs and I rarely drink. I like to go for walks with my girlfriend no matter where we are.

My favorite car is a 1959 Cadillac, I love the fins on that car, especially if it's a convertible. I enjoy it very much when people are happy, not sad and in a down mood. My appearance doesn't mean that much to me because I am who I am not the way I dress. I do like to wear gold, but I don't have much. I like to be clean though, I hate it when I'm dirty or greasy from working either at the Inn or on my car.

My family is important to me, I was raised very close to my family. I like money very much and often spend too much on my family, but they're worth it. Because they do the same for me.

I am your basic laid-back mellow person. I am going to be that way for the rest of my life. Whoever marries me is going to have to live with that. I'm not saying I'm going to be lazy, just slow that's all.

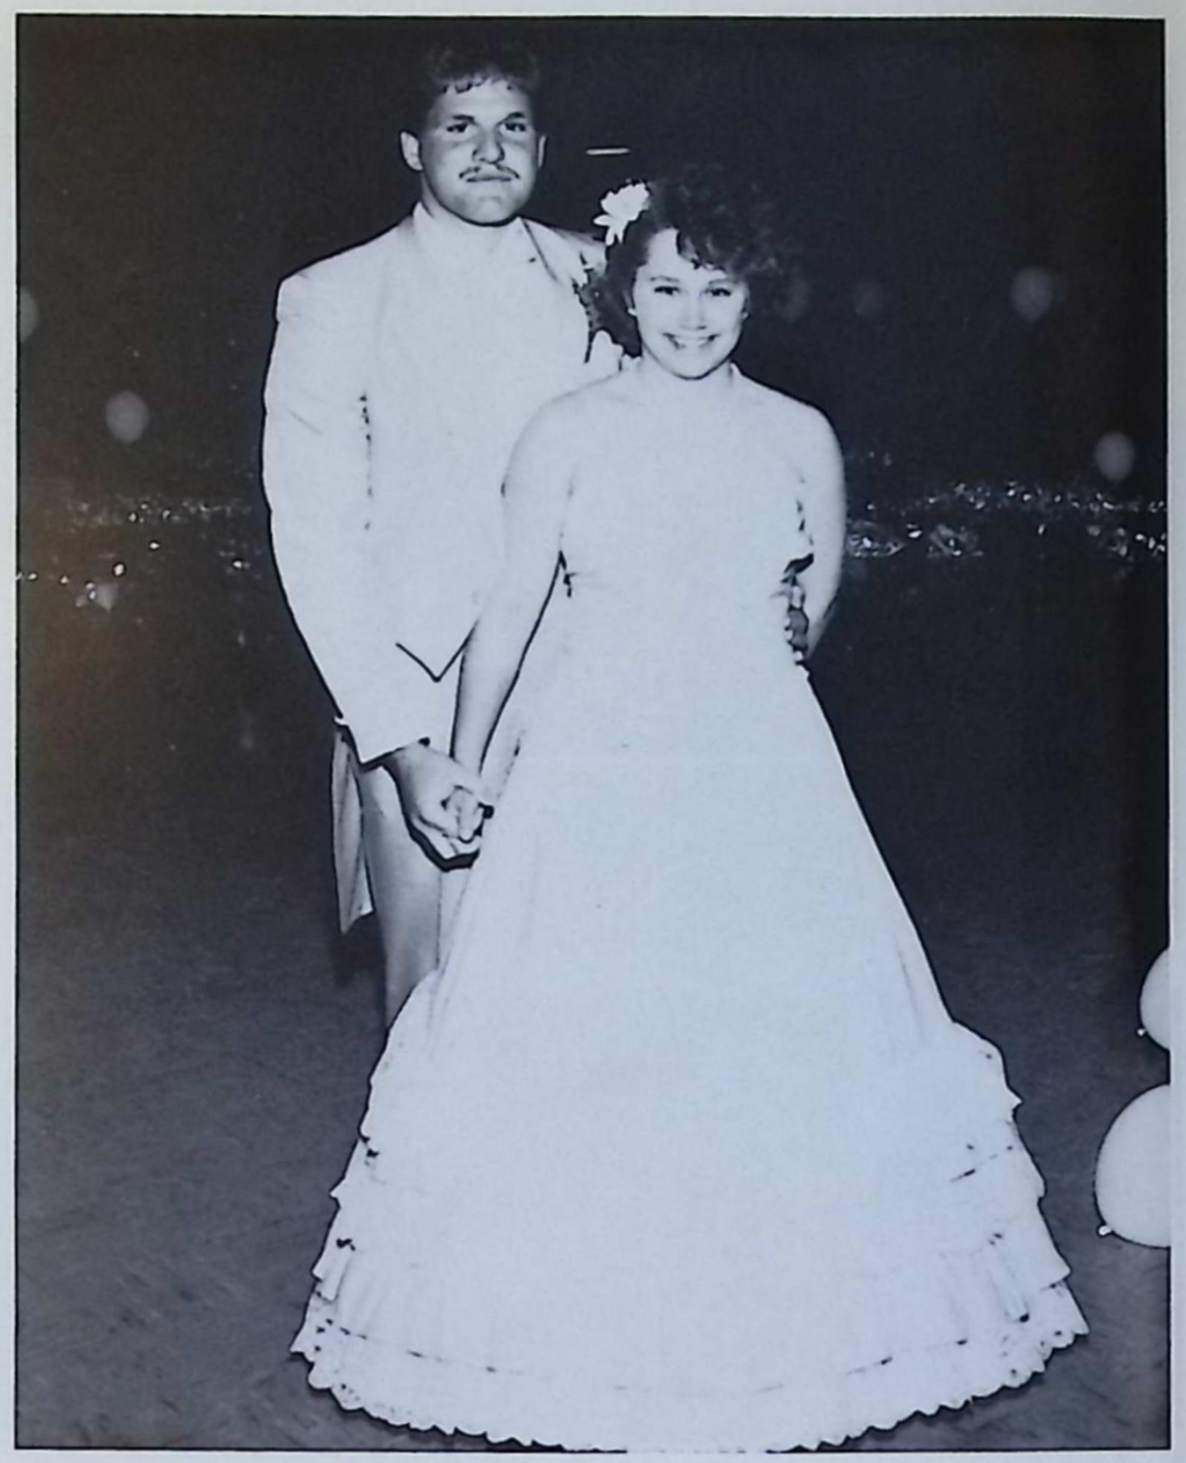
This autobiography was written by Derek Draghiceanu,
for Mr. Mallwitz's literature and composition class.

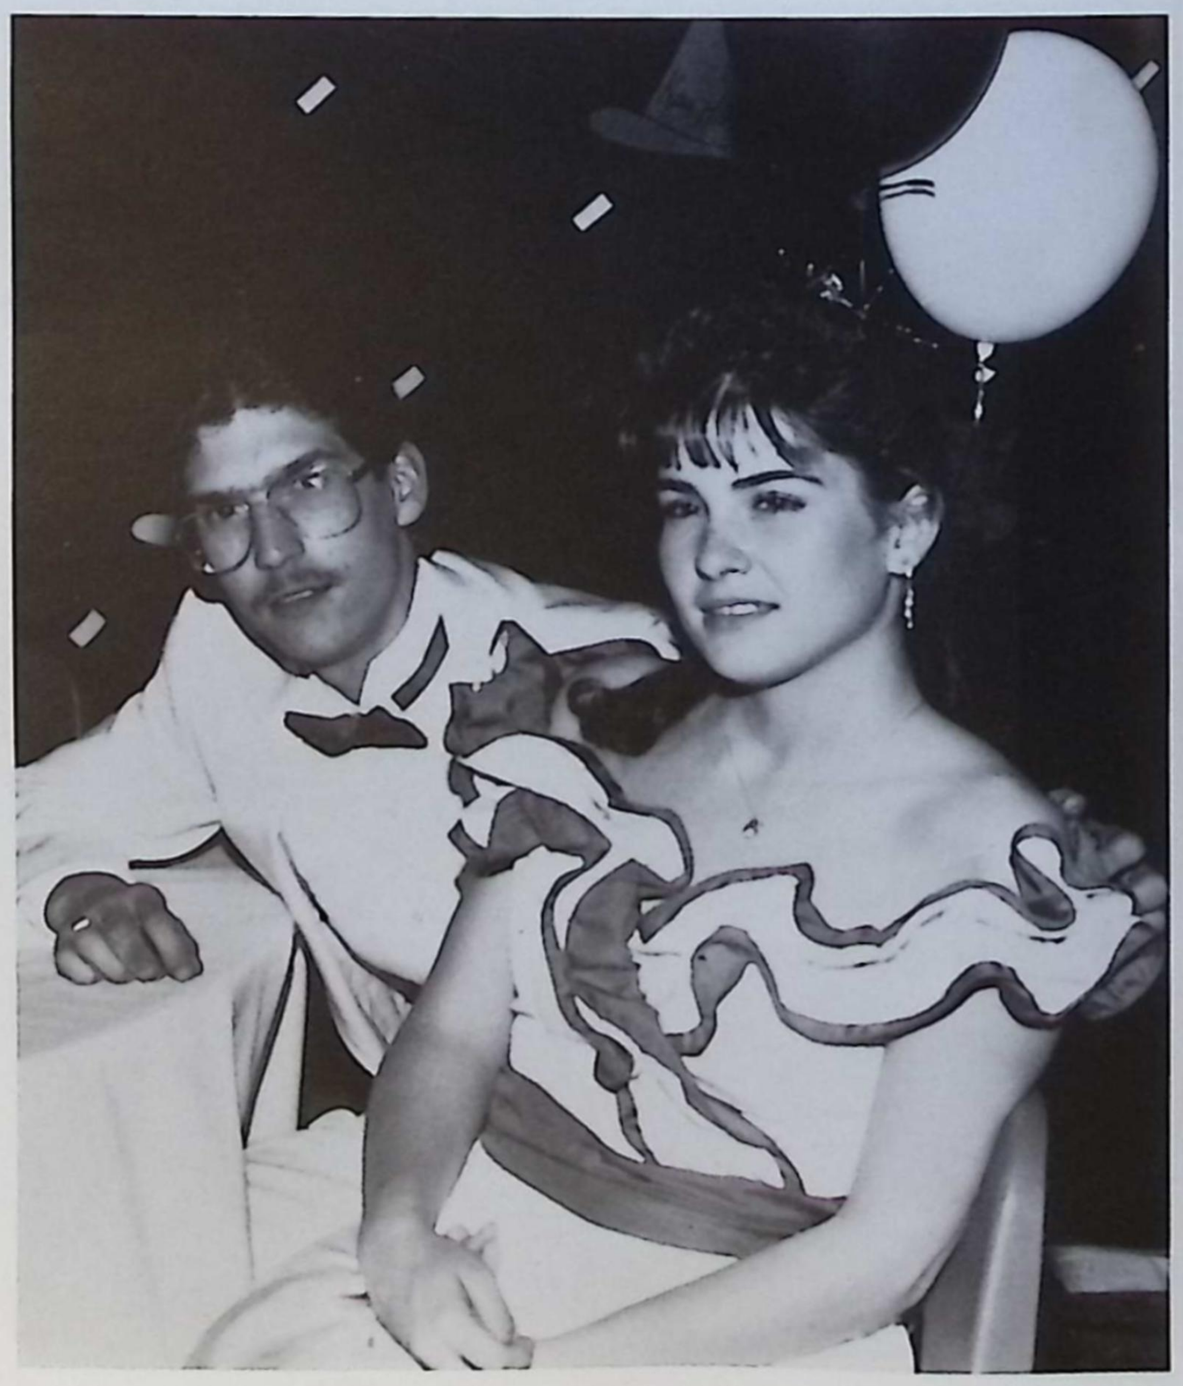
Puttin' On The Ritz

The 1988 Senior Prom was a great success. 75 couples all dressed in formal attire to attend the event at St. Clair High School on May 13 from 8:00 p.m. to Midnight.

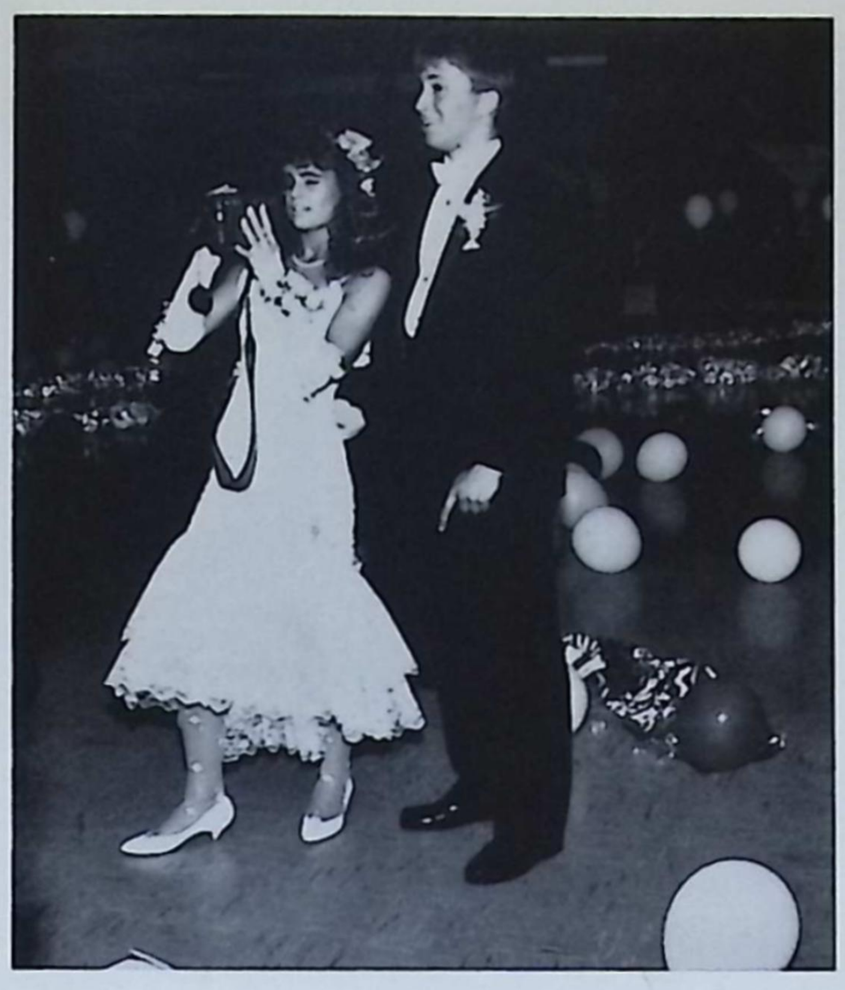
The song, "I want to go back," gave a special meaning and added a touch of class to the dance and to the couples. The entertainment was provided by "Oriental Spa."

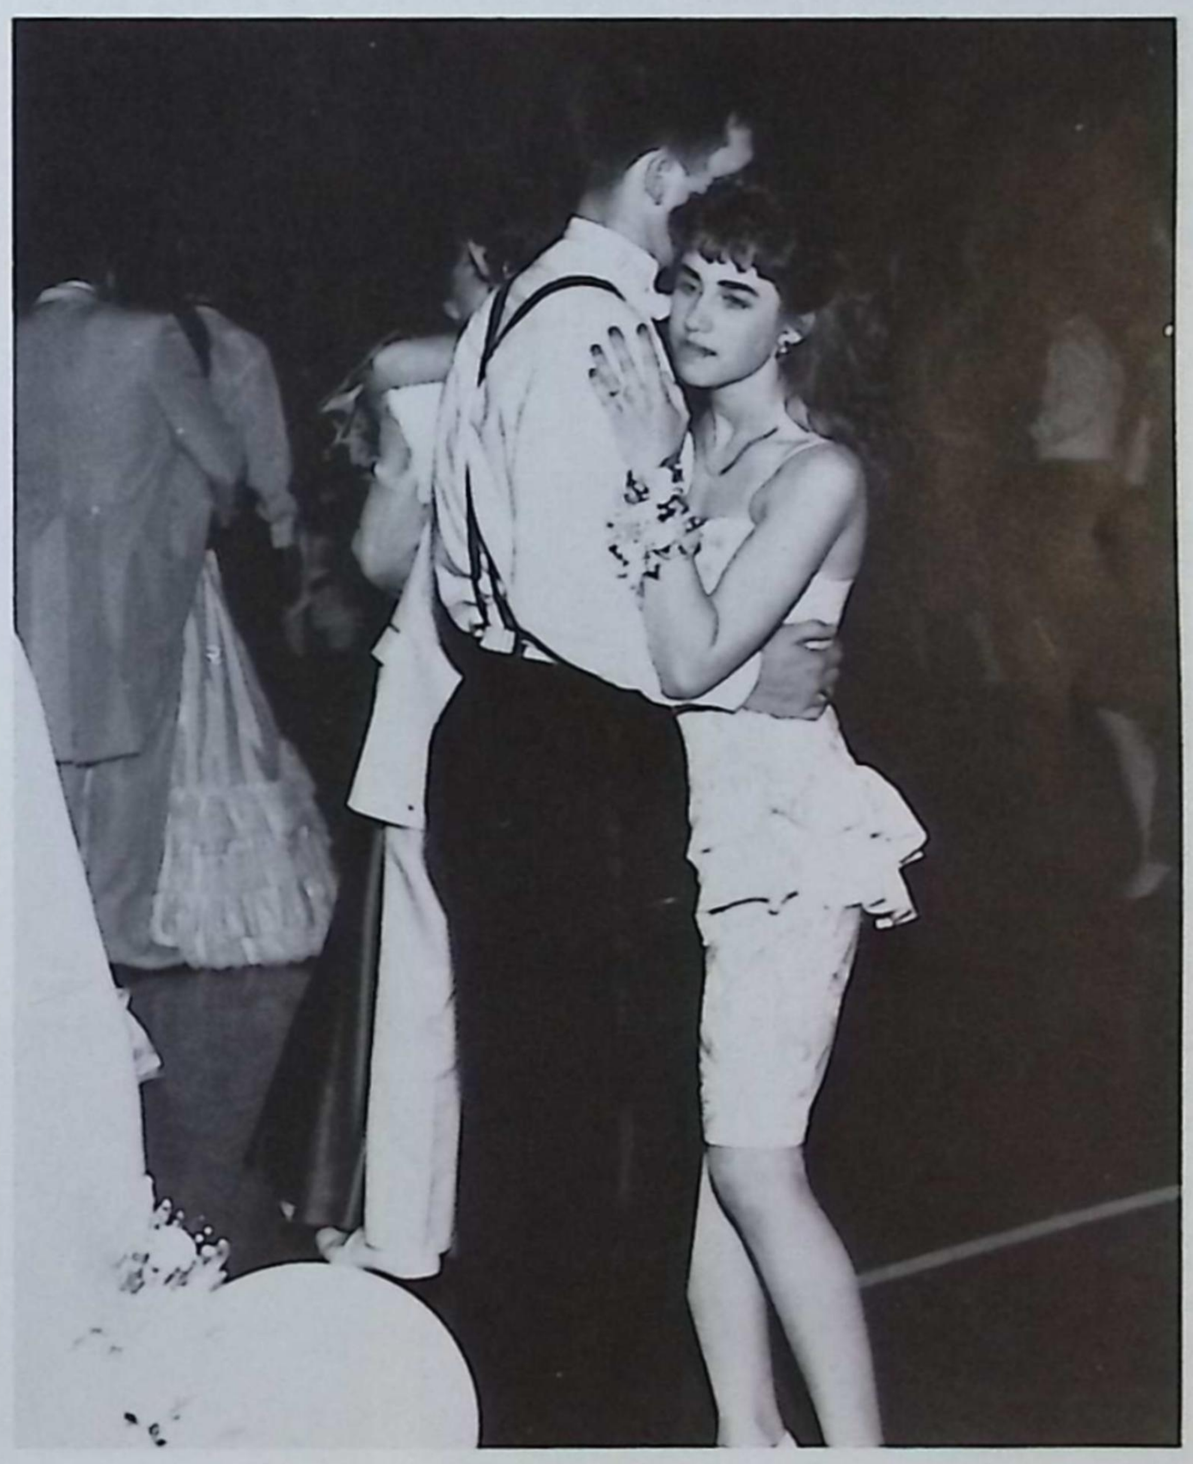
Many thanks are offered to the Junior class who provided for a fantastic and memorable evening for the Seniors.





AHHH, the perfect Senior Prom couple.
CAROR Beaudua shows us she's having a splendid time.
JEFF Solgot and Karen Rossi say cheese.





DAWN Vargo films the dancers at the Senior Prom.
SCOTT Smith and JOhn Webber dance the night away.
JASON Bitting and Amy Shorkey got the right beat.
TRACY Good is too caught up in dancing with John Webber to smile for us.

YOUR GUESTS ARE GHOSTS

What happens to ghosts when their old haunts are torn down, or they just get tired of dragging chains up and down creaking staircases all night long?
First, they distrust each other, for the ad said not to apply till after dark. Then a neighboring farmer named Zeke Washington arrives, warning them of vandals and strange goings-on and insisting that no one has lived in the house for twenty years. He leaves, and proptly at sunset the disembodied voice of an old lady startles Lin and Jim. It is Lucy, the somewhat doddering owner of the Peaceful Rest Retirement Home. Then, shortly, the "tenants" start to appear. A motely collection of ghosts all from different times and places.
Not knowing if Lucy and her friends are looney or, really ghosts, Jim and Lin reluctnatly agree to spend the night to see if they want the job as desk clerk.
In the morning, as Jim and Lin are about to leave, Zeke returns with two government tax people, and they overhear Zeke's plan to turn the Retirement Home into a miniature golf course. Jim and Lin resolve to return that night to help the ghosts.
The complicated scheme they hatch involves Lavender and Willoughby's acting talents, Lucy's writing a new will, and a hilarious confrontation with Zeke and the government agents. The ghosts come out on top in the end, with the unforeseen upshot that the ghosts are reprieved forever from their life of haunting.

LAST LOOK AT THE WILD SIDE

Congratulations seniors! We made it! Its been a great year, and I hope you've had the time of your life. Now you are taking that step toward college or a career; your sights are set on the future, and we wish you the best of luck. As homecoming, prom, and graduation may seem like yesterday ,the memories will be with us forever. With time passing, remember friends are forever keep them together.
Keep in touch seniors, see you at the five year class reunion. It has been GREAT!!

WHAT a big smile, Mr. Russell.
AND I'm here to tell you!
SCOTT McQueen is our VERY spirited 6th man!
SOMEBODY take these guys home!
